Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 17 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Outbreaks of rain through today, drier in the north later.

Today:
A wet and cloudy start to Tuesday. Outbreaks of increasingly light and patchy rain continuing through the day, interspersed with some dry spells. Gradually turning brighter in northern areas later in the afternoon. Breezy, especially along coasts. Maximum temperature 18 deg C (64 deg F).

Tonight:
Becoming dry in northern areas, with some clear spells where breaks in the cloud allow. Outbreaks of light patchy rain continuing through the night in the south of the region. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Remaining rather cloudy across southern areas with the occasional light rain or drizzle. Mostly dry elsewhere with a few bright intervals. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
A mixture of sunny spells and isolated showers on Thursday. Largely dry on Friday, with patchy cloud allowing for sunny spells. Turning cloudy with outbreaks of rain on Saturday.
